**Commercial  
Buildings**

***Pest Control Service  
Provider  
from Japan***

# Our Core Services

Cleaning Service

High-rise access  
Service

Pest Control Service

# Brief History

Golden Hiro Services Co., Ltd., in partnership with Hiro Industry Co., Ltd., founded in Japan in 2000, was established in Myanmar in 2016 and continues to operate based on the principle of providing high quality services practiced by its parent company. Although our parent company provides both cleaning service and pest control service, we started offering only cleaning service until 2019.

In 2019, we merged with P.P.C.S cleaning service offering cleaning solutions to booming commercial buildings industry.

We introduced our Pest Control Service to the market in 2019 with an intention to fulfil the extra needs of our clients.
